Furious Fighting.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle with chronic stomach and liver trouble, but at last I won, and cured my diseases, by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold under guarantee to do the same for you, by all druggists at 50c bottle. Try them today.

New York Cotton Market.

New York, June 26.—The cotton market opened weak at a decline of 6 and 10 points in response to slightly lower cables than expected and the outlook for a bearish weather crop report tomorrow. Offerings, however, were restricted by apprehensions that rains in the south if continued would cause a renewal of crop complaints, and with New Orleans buying the market soon rallied to about Saturday's closing figures, following which it was quiet but steady to firm in tone with spot business said to be buying July.

NAVAL STORES

FOR PAST WEEK

MARKET RULED FIRM WITH DEMAND SATISFACTORY AND OFFERINGS WELL TAKEN.

The following is from the Savannah Cotton Trade Journal for the week ending June 23:

The turpentine market ruled firm throughout the week, with the demand satisfactory, and the daily offerings fairly well taken. There was no rush for supplies, the tone and demand being such as to leave the market in a healthy state.

Both domestic and foreign buyers were in the market. A better local demand for export is forecasted by the posting of naval stores steamers, which are expected to arrive here within a short time. Several are posted for early sailing. A number of square-riggers, which have been in Savannah harbor for months, are posted to return for naval stores cargo. More active trading in this market is indicated, and along with this a larger export movement of turpentine and rosin.

Rosins were in fair demand at the prices given below. The weather through the turpentine belt during the week was warm, which facilitated operations.

Naval Stores Movement.

Turpentine.—The receipts of turpentine the week ending June 23, were 7,046, against 6,215 last year, and 4,883 last year, and 2,964 two years ago.

The receipts for this season are 38,459, against 35,928 last year, and 49,701 two years ago. The exports for the season are 37,722 against 49,697 last year, and 42,504 two years ago.

Rosins.—The receipts of rosins the past week were 18,090 against 14,366 last year, and 10,896 two years ago. The exports were 12,772 against 7,040 last year, and 16,551 two years ago.

The receipts for this season are 145,410 against 137,384 last year, and 95,572 two years ago. The exports for this season are 112,264 against 138,901 last year, and 156,821 two years ago.

The laxative effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural that you do not realize it is the effect of a medicine. For sale by all druggists.
